Dear Jim:

On July 16, 2013 you met with Andy and John to discuss the Annual Operating Instructions for the Clear Creek Allotment. As discussed, you are planning to graze 125 head with a pasture rotation of the South pasture from August 3 to September 7, then move to the North pasture from September 8 to October 21. The dates and numbers may need to be adjusted throughout the season. Utilization monitoring will be conducted at the end of the season with a desired level of 30% use on key species in key areas. We would like you to monitor the utilization levels with us after livestock leave the allotment.

This letter will serve as your 2013 Annual Operating Instructions. If you have any questions please contact Kendell, Andy or John.

Sincerely,

/s/Christopher J James
