Thanks to everyone who came out last Wednesday and Seth for taking the meeting notes. The next PNRC meeting will be held **February 16th, 2022** from 6-8PM. The timing of this meeting will be after the HPC funding meeting in January 2022. We will cover approved HPC project funding as well as future projects for both LRP and HPC. Please see the attached meeting notes and let me know if you have any questions.

Mr. Jaeger,

These minutes, nor the group's minutes from the August 11 meeting, don't include a specific list of the HPC project proposals that the PNRC has forwarded for approval to the state HPC in January.

Can you please email me a descriptive list of the HPC project proposals approved and forwarded this year by the PNRC? (Please let me know if I have to submit an official public record request to your agency to obtain this information.)

Thanks.

The August notes did cover some of the proposals submitted this year from the PNRC and all projects funded will be available on AGFD website after the funding meeting in January 2022. If that isn't what you are looking for, a public record request would need to be completed and directed to the HPC Coordinator Andrew Calvacant. Please let me know if you have any questions. Thank you
