Dear [Redacted]

I have reviewed the Buckhorn Allotment Restoration Project and the Stewardship Program is prepared to provide assistance by completing the 3.6 miles of fence intended to protect the riparian habitat along Clear Creek. The cost of materials and labor to complete this project element is estimated at \$31,300. The funding source for this commitment is the Heritage Fund which utilizes proceeds from the state lottery.

Please let me know of progress to obtain the required clearance from the U.S. Forest Service so that I can schedule the work the Department's fence contractor.

If you have any questions, feel free to contact me at 602-789-3503.

Sincerely,
David Belitsky
