Dear Mr. Sanborn:

I must modify the permitted numbers authorized by your term grazing permit, to reflect the decision of the previous Tonto Basin District Ranger, Tina J. Terrell, dated June 22, 2000, to administratively cancel 80% of the permitted numbers. This administrative action was the result of violations of the terms and conditions of your grazing permit and is documented in correspondence from this Ranger District.

As a result, Part 1, Section 2, of your term grazing permit, Number 12 - 795, issued November 23, 1994, is modified through issuance of this letter to the following numbers and season of use:

34 cattle (cows/bulls) 01/01 - 12/31 Sierra Ancha  
68 cattle (cows/bulls) 01/01 - 12/31 Poison Springs

This permit has no provision for yearling carryover on either allotment.

This modification is part of your term grazing permit and should be attached as the first page. The other terms and conditions of your existing term permit remain unchanged.

This is a very difficult decision for me to implement because I understand the effect of a cancellation of this magnitude on your ranching operation. I hope for improved management and relations with you in the future.

If you have questions, please contact Linny Warren at the Tonto Basin Ranger District Office.

Sincerely,

GARY SMITH  
District Ranger
