Dear (b) (6)

This Annual Operating Instruction is a guide for management of the Pole Hollow Allotment for the 2017 grazing year. This plan is made part of your Term Grazing Permit as specified in Part 2, Number 8(a) of the permit and supersedes your 2016 AOI.

I. PERMITTED USE

The following table illustrates the number of livestock and period of use permitted on the Pole Hollow Allotment Allotment as per Term Grazing Permit #12138 issued to DB Ranch & Cattle LLC

Table with 4 columns: KIND, CLASS, NUMBER, SEASON OF USE. Row 1: CATTLE, MATURE COW WITH NURSING CALF, 175, 1/1 - 12/31

II. AUTHORIZED USE

The Pole Hollow Allotment is authorized to stock the allotment with no less than 90%1 of the permitted numbers and sell these cattle so you may transfer the permit. These animals must be inspected by Forest Service employees and Arizona State Brand Inspectors to confirm ownership prior to selling them. Once the inspection has been completed, you may submit a permit waiver in favor of the purchaser of the cattle.

Once the allotment has been re-stocked, you will have 30 days to stock/sell the cattle and waive the permit in favor of the purchaser. If you are unable to transfer the permit within the first 30 days, you may have an extension for up to 6 months from time of initial re-stocking. For the purpose of billing, extensions will be in 30 day increments. If you are unable to transfer your permit during this time period, your suspension will be re-instated and you will be required to de-stock the allotment and finish the suspension.

III. ADMINISTRATION

The table below indicates the records submitted by the permittee to satisfy the Ownership Requirement portion of the permit. The permittee must hold ownership of the corporation (if applicable), deed for the base property, and brand associated with that permit for the entire term of the permit. Any undocumented
