

File Code: 2230
Date: May 20, 2025

Dear Permittee:

On May 9th, 2025, you coordinated via email with Andy to discuss the 2025 Annual Operating Instructions (AOI) for the Arab Allotment on the Lakeside Ranger District. The pasture rotation and numbers agreed upon are as follows:

<u>Pasture</u>	<u>Head</u>	<u>Dates</u>
Buckwheat	27 c/c	June 1 to June 30
Aniceto	27 c/c	July 1 to July 31
Butler	27 c/c	August 1 to September 15
Jackson	27 c/c	September 16 to October 31

Utilization standards for the 2025 grazing season should not exceed an average of 25 to 35%. Utilization is measured on key species in key areas. Adjustments to this rotation may be needed during the grazing season. Any adjustments to the rotation need to be coordinated and approved by the Forest Service. When moving between pastures, livestock need to be completely moved out of the pasture within 3 days of the planned rotation date. You must notify the Forest Service in advance if there is a need to deviate from the planned move date.

By this letter, I also authorize you or people working for you to cut, use or remove any trees needed for fence posts and stays for maintenance of structural range improvements within the Arab Allotment. A copy of this letter must be in possession with you or them while engaged in any tree cutting.

Any range improvement projects and ground disturbing activities need to be coordinated with the Forest Service to make sure all clearances have been obtained before any work can begin on the ground. This process needs to be started well in advance of the proposed work.

If you have any questions, please contact Andy at the Lakeside office, (928) 368-2105. This letter will serve as your Annual Operating Instructions for the 2025 grazing year on the Arab Allotment. In addition, I am always willing to meet with the permittee to hear and discuss any concerns or issues related to these Annual Operating Instructions.

Sincerely,

CHARLES DENTON
District Ranger
