
File Code: 2230
Date: May 25, 2023

Dear Permittee:

On May 8, 2023, Allison met with you to discuss your 2023 Annual Operating Instructions (AOI) for the Black Canyon Allotment. The pasture rotation and numbers as discussed are as follows:

<u>Pasture</u>	<u>Numbers</u>	<u>Dates</u>
Stermer	63 c/c	June 1 to June 30
King Phillip	63 c/c, 2 yrlds	July 1 to August 5
Sharp Hollow	63 c/c, 2 yrlds	August 6 to September 9
Nelson	63 c/c, 2 yrlds	September 10 to September 30
Porter	63 c/c, 2 yrlds	October 1 to October 31

The desired utilization level is 25% on key species in key areas and we would like to monitor utilization with you after the livestock leave a pasture. Adjustments to this rotation may be needed during the grazing season due to water availability, forage availability and/or management concerns such as drought. Please contact Allison or Kendell prior to the schedule move date and request an adjustment to the 2023 grazing schedule.

By this letter, I also authorize you or persons employed by you, to cut or remove any trees needed for fence posts and stays for maintenance of range improvements on the Black Canyon allotment. A copy of this letter must be in possession while engaged in any tree cutting.

This letter will serve as your 2023 Annual Operating Instructions for Black Canyon Allotment. If you have any questions, please contact Allison or Kendell at (928) 535-7300.

Sincerely,

/s RICHARD D. MADRIL
District Ranger
