

File Code: 2230
Date: September 30, 2015

Dear [Redacted],

On September 29, 2015 you met with John Kiefer to discuss the Annual Operating Instructions for the Clay Springs allotment. The pasture rotation and numbers for this season are as follows:

Table with 3 columns: Pasture, Head, Dates. Rows include +IL, Town, and Powerline with corresponding head counts and dates.

The desired utilization level is 30% on key species in key areas and we would like to monitor utilization with you after livestock leave a pasture. Adjustments to this rotation may be needed during the grazing season due to resource conditions. This letter serves as your Annual Operating Instructions for the 2015/2016 grazing season on the Clay Springs allotment.

Sincerely,

Handwritten signature of Christopher James
