The ConserveAZ Portal is a Revolutionary Tool for Conservation Planning

<https://aacd1944.com/conserveaz-portal/>

The ConserveAZ portal was devised by the Arizona Association of Conservation Districts in partnership with the Natural Resources Conservation Service to support Arizona’s Conservation Districts with the development of Conservation Action Plans. With technical support from the Timmons Group, this resource portal became a reality. District Supervisors and NRCS staff can now access a wide range of diverse data through this unique mapping portal to conduct resource needs assessments, identify resource priorities, track progress of conservation practices, and develop conservation plans.

- CNRCD Supervisors were encouraged to review the on-line ConserveAZ website
