Dear Jeff Burgess:

On May 27, 2021, I received a letter from Globe District Ranger, Adam Bromley, stating that he was withdrawing the draft decision notice for the Hicks-Pikes Peak Allotment Grazing Authorization Project (enclosed) to further address some of the contentions raised during the predecisional objection process.

Because Adam has withdrawn his draft decision, I am setting aside your objection without further review in accordance with the regulation at 36 CFR 218.10(a)(9). Because your current objection has been set aside, you will need to submit a new objection should you wish to participate when a draft decision for this project is made available in the *Arizona Silver Belt*, the official paper of record.

If you have any questions about this project, please contact Anne Thomas, Forest NEPA Coordinator, at marianne.thomas@usda.gov.

Sincerely,

Dear Mr. Bosworth

On February 3rd, 2021 the legal notice announcing the objection filing period for the Hicks-Pikes Peak Allotment Grazing Authorization was published in the Arizona Silver Belt. After reviewing the objections, I believe that additional dialogue, clarification, and analysis may be needed. As such, I am hereby withdrawing my draft decision notice (DN) and finding of no significant impact (FONSI) for the Hicks-Pikes Peak Allotment Grazing Authorization Environmental Assessment (EA), as allowed by the regulation at 36 CFR 218.10(a)(9).

Sincerely,

X
