

2021
Annual Operating Instructions
Amendment 1
Horseshoe Allotment

This document serves as Amendment #1 of your 2021 Annual Operating Instructions (AOI). This amendment only affects section II Grazing Schedule of the AOI.

Assessment of the pastures below have been assessed using the Prescott National Forest Drought Management Decision Tool. Implementation of Gradual Drought Recovery Leniency is the guideline for management for the 6 satisfactory metrics. Restocking of the allotment pastures, numbers, and kind, and dates listed below, should attain the gradual recovery post drought. Assessments will be made in January and February for potential restocking the rest of the allotment.
