(b) (6)

J Bar S Ranch, LLC  
P.O. Box 1418  
Lamar, CO 81052

Dear (b) (6)

Enclosed are your 2022 Annual Operating Instructions (AOI) and Grazing Bill for the Lone Mountain and Duquesne Allotments. The due date for your grazing bill is in the upper right-hand corner of the bill, please note that grazing fees this year are \$1.35 per head month. Also enclosed is a copy of the new Term Grazing Permit #503142 for the Lone Mountain #00326 and Duquesne #00342 Allotments issued to J Bar S Ranch, LLC. This permit will expire 12/31/2031.

As a reminder, if you need to deviate from your rotation schedule by more than two weeks, please notify the range program in advance so changes can be properly documented and a modified AOI can be developed if necessary. Also, be sure to follow the guidelines in your AOI and Term Grazing Permit pertaining to proper salt and supplement placement.

Should you have any questions, please contact Steve Bluemer at (520) 803-2831.

Sincerely,

  
Acting for  
CELESTE KINSEY  
District Ranger

**DOUGLAS RANGER DISTRICT  
CORONADO NATIONAL FOREST  
ANNUAL OPERATING INSTRUCTION (AOI)**

**Lower Rucker Allotment  
2021 Grazing Year**

This letter will serve as your annual operating instructions for the **2021** grazing season for the **Lower Rucker Allotment**.

**I. AUTHORIZED USE and ROTATION SCHEDULE:** The annual validation for your term grazing permit has been approved for the following numbers and season:

**Authorized Use**

Allotment	Date On	Date Off	# of Days	# of Cows w/calf	Dry Cows	# of Bulls	# Yrling	Horse	AUMs	HMs
Lower Rucker	3/1/2021	6/15/2021	107	116		9			446	440
Lower Rucker	10/15/2021	2/28/2022	137	116		9			571	563
Private land*	3/1/2021	6/15/2021	107	20					70	70
Private land*	10/15/2021	2/28/2022	137	20					90	90
<b>Total</b>									<b>1017</b>	<b>1003</b>

**Non-Use**

Allotment	Date On	Date Off	# of Days	# of Cows w/calf	Dry Cows	# of Bulls	# Yrling	Horse	AUMs	HMs	
Lower Rucker	3/1/2021	6/15/2021	107	15					53	53	
Lower Rucker	10/15/2021	2/28/2022	137	15					68	68	
Reason: Range Improvement - Drought									<b>Total</b>	<b>120</b>	<b>120</b>

**Proposed Rotation**

Pasture	Acres in Pasture	Date On	Date Off	# of Days	# of Cows w/calf	Dry Cows	# of Bulls	# Yrling	Horse	AUMs	HMs

									<b>Permitted</b>	<b>1211</b>	<b>1211</b>

Actual rotation dates may vary dependent upon climatic conditions, when utilization levels are reached and time required to remove cattle. Livestock numbers within the rotation schedule include 20 cow/calf pairs grazed under a private land permit. If you should need to deviate from this rotation schedule by more than two weeks, please notify this office in advance. Livestock remaining in pastures beyond the specified rotation date, that are allowed to drift between pastures, or grazing in rested pastures may be considered a violation of your Term Grazing Permit.

Due to the on-going severe drought we are all currently experiencing in this region, changes to various types of management on your allotment may be needed. Please keep the range staff here at the Douglas District well informed of any deviation from your proposed plan and keep the natural resource conditions in the forefront of your mind when making management decisions that may affect your allotment.

## II. ALLOWABLE USE STANDARDS:

Utilization in all pastures is not to exceed 45% in the key areas. Please refer to your key area map. Herding and salting will be used to ensure allowable use is not exceeded. If allowable use is in danger of being exceeded, the cattle should be removed from that pasture until the range recovers. Salt and supplement will be placed appropriately, on good feed, at least ¼ mile from water and out of livestock concentration areas and more than 200 feet from roads. Salt and supplement locations should be rotated so as not to degrade a particular site. Salt blocks may be removed by the District if found near water, over-utilized areas, or roads. Blocks should be placed on hard ground not susceptible to erosion.

## III. MONITORING:

The permittee will record actual use as it occurs, including livestock numbers and dates permitted livestock are in a pasture. This information will be reported at the next annual operating instruction meeting. Common implementation monitoring includes forage production, forage utilization, photo points, condition of improvements, actual use and precipitation data.

## IV. RANGE IMPROVEMENT CONSTRUCTION / MAINTENANCE:

The Forest Service may spot check range improvements before the entry date to insure improvements are in a satisfactory condition. Livestock will not be allowed to enter pastures if assigned improvements are not maintained to proper standards. Livestock will not be allowed to enter pastures if fences will not keep livestock where they are placed.

All troughs should have water when livestock are not present and be equipped so that small animals can safely enter and exit.

New range improvements and all ground disturbing activities will not be initiated until proper archeological clearances have been obtained. When improvements are completed the permittee will inform District Range personnel to schedule an inspection. Before using machinery to clean any pond, the permittee is required to give the District Office at least 30 days advance notice so that the tank can be inspected for threatened or endangered species. All work involving the use of heavy equipment will be accomplished only after prior approval by the District Ranger. Improvement schedule is dependent upon funding.

<b>Previous Year Improvement Accomplishments</b>			
<b>Improvement Type / ID #</b>	<b>Completion Date</b>	<b>Description/Comments</b>	<b>Status Done /Date</b>
	3/20/20	Replaced ½ mile of old fence North of Rucker Road between Forest Service land and Private	Done

		Finish the other 1/2 mile that was started last year	

**V. REFUNDS AND CREDIT OF GRAZING FEES PAID (FSM 2238.11g)**

Refunds will only be approved where the term grazing permit has been waived, the waiver of term grazing permit has been confirmed by the authorized officer, and a new permit issued to a qualified applicant indicated on the waiver of term grazing permit (FS-2200-12), or if a current permittee has applied for, and the authorized officer has approved, nonuse for which grazing fees have previously been paid.

**VI. PROTECTION:**

The permittee, his agents and employees, when acting within the scope of their employment, and his contractors and subcontractors will protect the land and property of the United States, waived private land and other land under jurisdiction of the Forest Service covered by and used in conjunction with this permit. During periods of high fire danger, branding fires will be allowed by permit only. Please report all fires to the Tucson Interagency Fire Coordination Center at 1-800-549-0661.

**VII. PERMIT CONDITIONS:**

This Annual Operating Instruction is hereby made a part of the Term Grazing Permit as provided for in Part 2, Section 8(a). It complies with the standards and guidelines found in the Forest Plan. Failure to comply with any of the terms and conditions specified in Parts 1, 2, and 3 of your Term Grazing Permit may result in suspension or cancellation, in whole or in part, after written notice. This is found in Part 1, Section 3, of your permit.

Keep this copy of these Annual Operating Instructions for your personal files. Thank you.

Sincerely,

DOUG RUPPEL  
District Ranger
