**Date:** March 30, 2012

Mr. Curt Wells  
P.O. Box 4320  
Chino Valley, AZ 86323

Dear Curt:

This document amends your Annual Operating Instructions for the Partridge Creek Allotment to reflect the change in item 5, Range Improvements, Maintenance Projects for 2012. This is the only change to the AOI mailed to you on January 26, 2012. The following earthen tanks are approved for cleaning and/or sealing with bentonite (which was provided to you in 2010). We recognize that the first four are your priorities this year and if conditions permit you may get more tanks done. In addition, you are also authorized to place a temporary water haul at either Costello or Little Aso tanks.

Improvement Name and Number	Work Needed	Comments
Little Aso Tank #7817	Clean out bottom of tank & bentonite	Has Heritage Clearance
Jake Tank #7968	Clean out bottom of tank	Has Heritage Clearance
Okie Tank #7966	Clean out bottom of tank	Has Heritage Clearance
Punk Tank #7825	Clean sand out from bottom of tank	Contact Neil Weintraub before starting work
Dave's Tank #7969	Clean out and bentonite	Has Heritage Clearance
Blue Cow Tank #7655	Clean out and bentonite	Has Heritage Clearance
Yellow Cow Tank #7827	Clean out bottom of tank	Has Heritage Clearance
Murry Tank #7821	Clean out bottom of tank	Has Heritage Clearance
Horse 2 Tank #7669	Clean out bottom of tank	Has Heritage Clearance

Please contact Range Personnel Kerri Lange at 635-5621, or Clare Hydock at 635-5623 if you have any questions.

Sincerely,

*/s/ Martie Schramm*
