Jeff Burgess
1922 E. Orion
Tempe, AZ 85283

Dear Mr. Burgess:

The Forest Service is proposing to re-evaluate the grazing strategy and associated improvements for the Reavis and Tortilla Grazing Allotments. The last complete evaluation of livestock grazing on these allotments occurred in 1985 and is no longer adequate to address current issues.

The Mesa Ranger District is currently developing a list of individuals, organizations and agencies interested in being involved in this re-evaluation. If you would like to be included in the planning process, please respond in writing or by calling Russell Orr at 602-379-6446.

If you would like more information on the Reavis and Tortilla Allotments prior to joining the planning effort, please call Russell at the number listed above.

Sincerely,

FOR DONALD A. VAN DRIEL
District Ranger
