

**DOUGLAS RANGER DISTRICT
CORONADO NATIONAL FOREST
ANNUAL OPERATING INSTRUCTION (AOI)**

**Rough Mountain Allotment
2023 Grazing Year**

This letter will serve as your annual operating instructions for the **2023** grazing season for the **Rough Mountain** allotment.

I. AUTHORIZED USE and ROTATION SCHEDULE: Your annual validation for the following numbers, season and class of livestock have been approved. Actual dates may vary dependent upon climatic conditions, when utilization levels are reached and time required to remove cattle.

Authorized Use

Allotment	Date On	Date Off	# of Days	# of Cows w/calf	Horse	AUMs	HMs
Rough Mountain	3/1/2023	4/30/2023	61	148		297	297
Rough Mountain	11/1/2023	2/29/2024	121	148		589	589
Total						886	886

Non-Use

Allotment	Date On	Date Off	# of Days	# of Cows w/calf	Horse	AUMs	HMs
Rough Mountain							
Total						0	0

Reason: N/A

Proposed Rotation

Pasture	Acres in Pasture	Date On	Date Off	# of Days	# of Cows w/calf	Horse	AUMs	HMs
Lower Wood		3/1/2023	3/15/2023	15	148		73	73
Fox		3/16/2023	4/30/2023	46	60		91	91
Shiple/Headquarters		3/16/2023	4/30/2023	46	25		38	38
Little Wood		3/16/2023	4/30/2023	46	30		45	45
Brad Trap		3/16/2023	4/30/2023	46	18		27	27
South Fork		3/16/2023	4/30/2023	46	15		23	23
Off Forest		5/1/2023	10/31/2023	184				
Upper Wood/Cottonwood		11/1/2023	12/31/2023	61	148		297	297
Lower Wood		1/1/2024	2/29/2024	60	148		292	292
Applied For						886	886	
Permitted						881	881

Due to the severe drought during the summer of 2020 we all experienced in this region, changes to various types of management were needed in most cases. Although most locations had abundant moisture during the monsoon seasons of 2021 and 2022, there may be lasting effects of drought that are impacting your allotment. Please keep the natural resource conditions in the forefront of your mind when making management decisions that affect your allotment, and

please keep the range staff here at the Douglas District well informed of any deviation from your proposed plan.

Please be sure to not exceed the permitted number of livestock.

When first stocking the allotment, place the cattle in the high reaches of the Upper pastures and work to prevent concentration in the canyon bottoms.

If you should need to deviate from this rotation schedule by more than two weeks, please notify this office in advance. The pasture rotation is based on historic use, this rotation and the stocking rate in each pasture, will be dependent on both water availability as well as forage availability. Livestock remaining in pastures beyond the specified rotation date, that are allowed to drift between pastures unauthorized, or grazing in rested pastures may be considered a violation of your Term Grazing Permit, unless specifically mentioned in the rotation schedule.

II. ALLOWABLE USE STANDARDS:

Utilization in all pastures is not to exceed 45% in the key areas. Please refer to your key area map. Herding and salting will be used to ensure allowable use is not exceeded. If allowable use is in danger of being exceeded, the cattle should be removed from that pasture until the range recovers. Salt and supplement will be placed appropriately, on good feed, at least ¼ mile from water and out of livestock concentration areas and more than 200 feet from roads. Salt and supplement locations should be rotated so as not to degrade a particular site. Salt blocks may be removed by the District if found near water, over-utilized areas, or roads. Blocks should be placed on hard ground not susceptible to erosion.

III. MONITORING:

The permittee will record actual use as it occurs, including livestock numbers and dates permitted livestock are in a pasture. This information will be reported at the next annual operating instruction meeting. Common implementation monitoring includes forage production, forage utilization, photo points, condition of improvements, actual use and precipitation data.

IV. RANGE IMPROVEMENT CONSTRUCTION / MAINTENANCE:

The Forest Service may spot check range improvements before the entry date to insure improvements are in a satisfactory condition. Livestock will not be allowed to enter pastures if assigned improvements are not maintained to proper standards. Livestock will not be allowed to enter pastures if fences will not keep livestock where they are placed.

All troughs should have water when livestock are not present and be equipped so that small animals can safely enter and exit.

New range improvements and all ground disturbing activities will not be initiated until proper archeological clearances have been obtained. When improvements are completed the permittee will inform District Range personnel to schedule an inspection. Before using machinery to clean any pond, the permittee is required to give the District Office at least 30 days advance notice so that the tank can be inspected for threatened or endangered species. All work involving the use

of heavy equipment will be accomplished only after prior approval by the District Ranger. Improvement schedule is dependent upon funding.

Previous Year Improvement Accomplishments				
Permit Mod #	Improvement Type / ID #	Completion Date	Description/Comments	Status Done /Date
	Fences, trails, etc	2022	General maintenance on all stock trails, water lines and allotment fences	Done

Current Year Improvement Schedule				
Permit Mod #	Improvement Type / ID #	Completion Date	Description/Comments	Status Done /Date
	Fence		Rebuild fence around Shipley and House Trap. Forest Service will supply materials	

V. REFUNDS AND CREDIT OF GRAZING FEES PAID (FSM 2238.11g)

Refunds will only be approved where the term grazing permit has been waived, the waiver of term grazing permit has been confirmed by the authorized officer, and a new permit issued to a qualified applicant indicated on the waiver of term grazing permit (FS-2200-12), or if a current permittee has applied for, and the authorized officer has approved, nonuse for which grazing fees have previously been paid.

Grazing fee credits will be approved when late entry or early removal of livestock is requested by the permittee for legitimate reasons and/or when delayed entry or early removal of livestock is requested by the authorized officer for reasons of resource protection. Credit for grazing fees will not be approved merely for the convenience of the permittee after the bill for collection is issued.

VI. PROTECTION:

The permittee, his agents and employees, when acting within the scope of their employment, and his contractors and subcontractors will protect the land and property of the United States, waived private land and other land under jurisdiction of the Forest Service covered by and used in conjunction with this permit. During periods of high fire danger, branding fires will be allowed by permit only. Please report all fires to the Tucson Interagency Fire Coordination Center at 1-800-549-0661.

VII. PERMIT CONDITIONS:

This Annual Operating Instruction is hereby made a part of the Term Grazing Permit as provided for in Part 2, Section 8(a). It complies with the standards and guidelines found in the Forest Plan. Failure to comply with any of the terms and conditions specified in Parts 1, 2, and 3 of your Term Grazing Permit may result in suspension or cancellation, in whole or in part, after written notice. This is found in Part 1, Section 3, of your permit.

Management direction applies as specified in the September 27, 2019 Amended Biological Assessment for Coronado National Forest Livestock Grazing Program and the September 30, 2021 Biological Opinion on Ongoing Grazing on the Coronado National Forest.

Keep a copy of these Annual Operating Instructions for your personal files. Thank you.

Sincerely,

DOUG RUPPEL
District Ranger

USDA FOREST SERVICE
BILL FOR COLLECTION

1. BILL DATE: 02/16/23

PAGE: 1

ENCLOSE A COPY OF THIS BILL WITH YOUR CHECK OR MONEY ORDER.
DO NOT SEND CASH. PLEASE INCLUDE BILL NO. AND PAYER CODE
NO. ON YOUR CHECK.
MAKE YOUR CHECK PAYABLE TO:

USDA FOREST SERVICE
