

File Code: 2230
Date: April 20, 2023

Dear Permittee:

On April 17th, 2023, Allison and Kendell met with you to discuss your 2023 Annual Operating Instructions for the Town Tank Allotment. The pasture rotation and numbers as discussed are as follows:

<u>Pasture</u>	<u>Numbers</u>	<u>Dates</u>
West	14 c/c	July 1 to August 31
East	14 c/c	September 1 to September 30

The desired utilization level is 25% on key species in key areas and we would like to monitor utilization with you after the livestock leave a pasture. Adjustments to this rotation may be needed during the grazing season due to water availability, forage availability and/or management concerns. Please contact Allison prior to the schedule move date and request an adjustment to the 2023 grazing schedule if needed.

By this letter, I also authorize you or persons employed by you to cut and remove any trees needed for fence posts and stays for maintenance of structural range improvements within the Town Tank Allotment. A copy of this letter must be in possession while engaged in any tree cutting.

This letter will serve as your Annual Operating Instructions for the 2023 grazing season on the Town Tank Allotment. I must review and approve any new projects prior to the start of them which may occur on the allotment. If you have any questions please contact Allison, Kendell or Andy at the Lakeside District Office at (928) 368-2100

Sincerely,

/s CHARLES DENTON
District Ranger (Detailed)
